Virtual Spanish Immersion Course for Foreigners

PRE - INTERMEDIATE

2022
COURSE AIM AND TEACHING METHODS

The Virtual Spanish immersion courses aim to provide the foreign exchange student with the initial communication skills to effectively interact with other speakers in Spanish.

Accordingly, the course will provide students with activities that foster active learning and promote problem-solving skills.

In the Pre-intermediate course, students will find topics such as giving opinions about current events, talking about past experiences, giving advice, and expressing future intentions all of which will be carried out in an interactive manner.

LEARNING OUTCOMES

1. To identify and describe the information found in texts, dialogues and conversations related to historical events, personal past experiences and places in a city.

2. To communicate – orally and in writing – past experiences and leisure activities, positive and negative feelings, intentions, and provide advice on health and wellbeing using past and future tenses.

3. To give instructions and commands using the imperative form.

TEACHING METHODOLOGY

Classes will take place via Zoom. The tutors will monitor their learners’ accuracy and fluency, as well as direct the communicative and interactive aspects of language during class to promote students’ interaction.

To this end, the tutor will make use of:

1. Role-play activities: by using breakout rooms, the tutor will encourage pair-work interaction in which students take turns, share ideas, and drill each other.

2. Teacher-student interaction (teacher-student and teacher-group).

3. Oral and written practice of the lexical, grammatical, and communicative aspects of language learning, as well as awareness of the cultural context in which the language is expressed and used.

4. Practice and presentation of vocabulary and new expressions.

**Students participating in the program for the first time are required to take a Spanish Placement Test prior to enrollment to determine their course level. This test is compulsory.**

To pass the course, the student is expected to have a minimum attendance of 75%. Since the pedagogical focus is on developing effective communicative skills by conversational turn-taking and class interaction, attendance is of paramount importance.

The student is also required to obtain a final mark of 4.0, on a scale of 1.0 to 7.0.

**Throughout the course, students’ progress will be constantly monitored by the tutors. The final assessment consists of a poster presentation.**

**$117,000 CLP. The tuition fee includes:**
- A two-week course
- Digital material (course book)
- Academic transcript
