Virtual Spanish Immersion Course for Foreigners

Elementary

2022
The Virtual Spanish immersion courses aim to provide the foreign exchange student with the initial communication skills to effectively interact with other speakers in Spanish.

Accordingly, the course will provide students with activities that foster active learning and promote problem-solving skills.

In the Elementary course, students will find topics such as greetings and introductions, descriptions of people and places, asking for the menu and going shopping, and reporting daily routines.

Classes will take place via Zoom. The tutors will monitor their learners’ accuracy and fluency, as well as direct the communicative and interactive aspects of language during class to promote students’ interaction.

To this end, the tutor will make use of:

1. Role-play activities: by using breakout rooms, the tutor will encourage pair-work interaction in which students take turns, share ideas, and drill each other.

2. Teacher-student interaction (teacher-student and teacher-group).

3. Oral and written practice of the lexical, grammatical, and communicative aspects of language learning, as well as awareness of the cultural context in which the language is expressed and used.

4. Practice and presentation of vocabulary and new expressions.

The student is also required to obtain a final mark of 4.0, on a scale of 1.0 to 7.0.
